

KATELYN'S FAIR SHARE MAT

Division

After reading and discussing the children's book, "Katelyn's Fair Share Picnic," students can practice their division skills using manipulatives and this sharing mat. This game may be played whole group, with partners, or individually.

How to Play ...

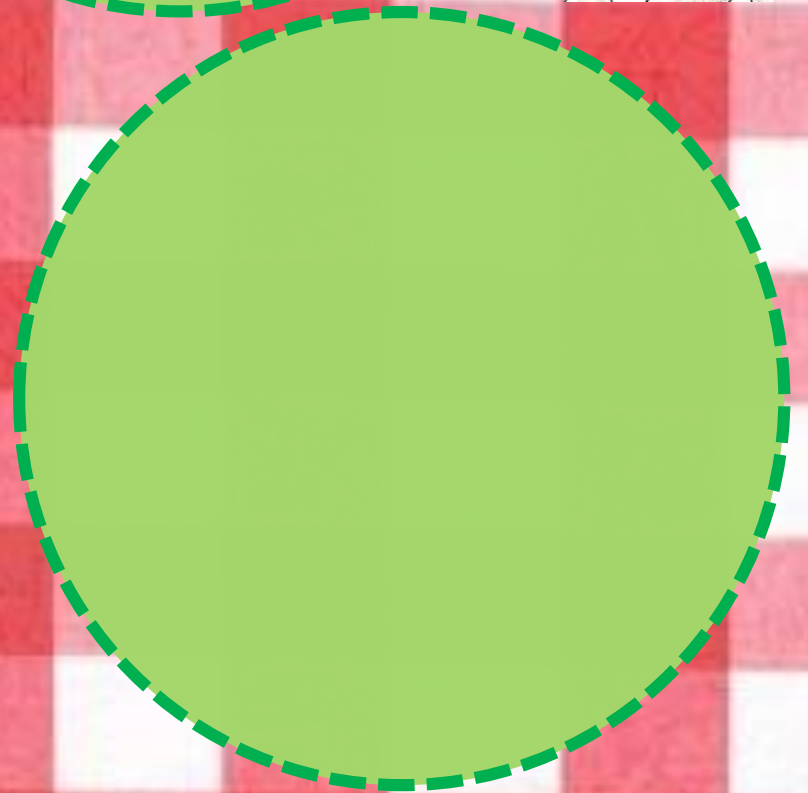

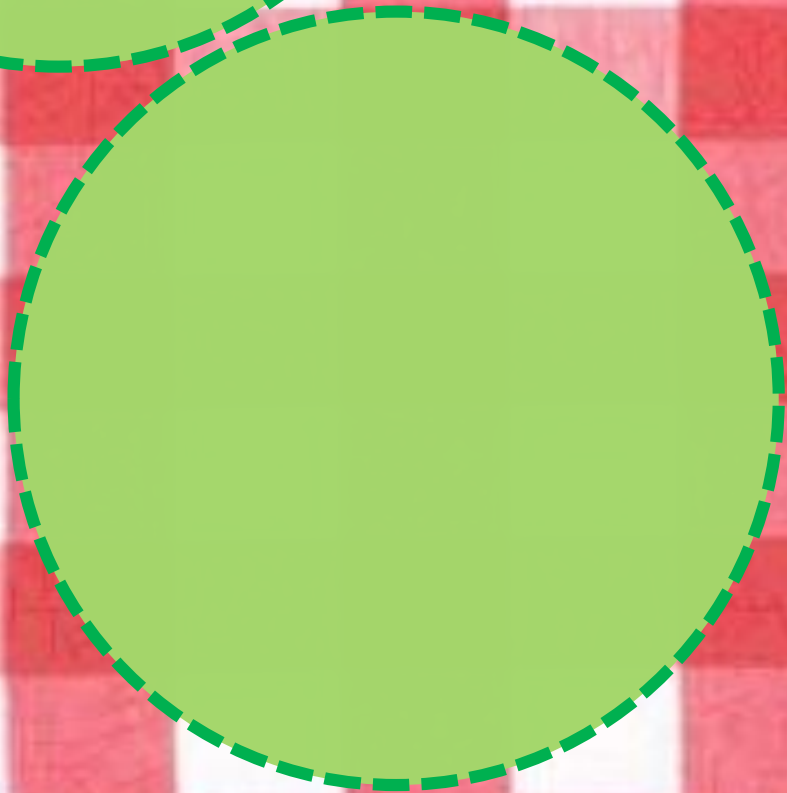

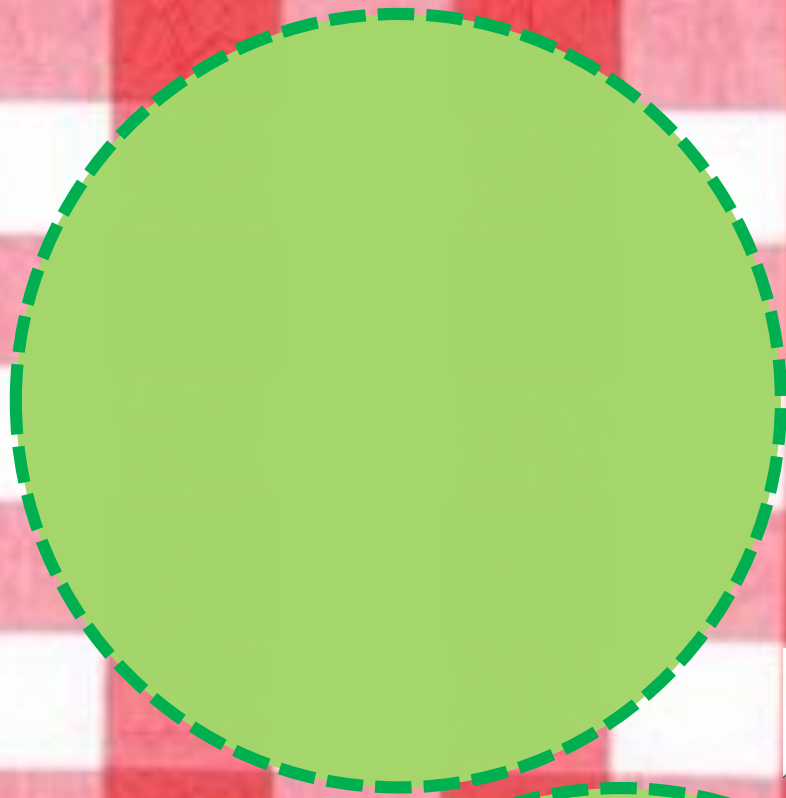

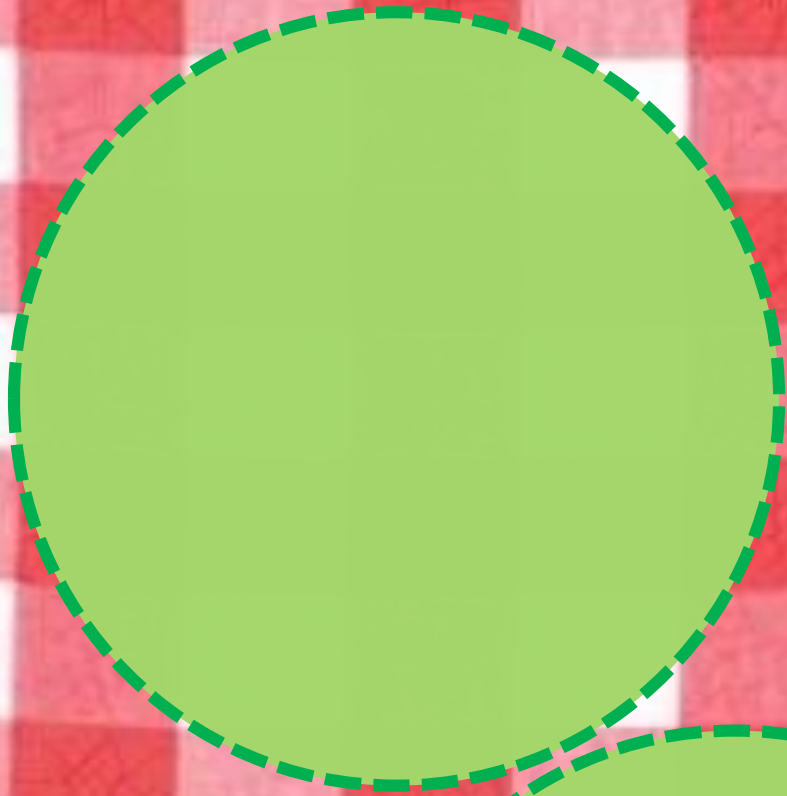

- ♥ place cards face down
- ♥ one card is drawn and a prediction is made about whether or not four fair share groups can be made
- ♥ children count out that many cookies and use Katelyn's sharing mat to see if they can make fair share groups

Michael draws the "2" card. Julie predicts that they will not be able to make four fair shares because, "there won't be enough cookies to go around." The children count out two cookies and use Katelyn's sharing mat to see if they can make four fair shares.

Sheila draws the "16" card and David predicts that they will be able to make four fair share groups because, "I think each friend will get four cookies." The children count out sixteen cookies and use Katelyn's sharing mat to see if David was correct.
